We are so honored to have a very special collaborative effort adorning our walls very soon! REDUX is proud to present a group show featuring 21 very talented artists, from Portland and beyond.

A theme inspired by Dia De Los Muertos, but expanded upon by the individual interpretations of these fine artists, we present the macabre, the surreal, and the spooky; join us in a celebration of all things honoring the memory of our deceased loved ones, and the spirit of inspiration they have left behind.
